

Function to compare the time

Code:

```
var d= new Date(); var  
utc=d.getTime()+(d.getTimezoneOffset()*60000);  
var offset=5.5; newDate=new  
Date(utc+(3600000*offset)); var  
n=newDate.toISOString() var date=n.slice(0,10) var  
time=n.slice(11,16) global.set('time',time) return msg;
```
